

# Old Dog - Old Dog

Tom: G

Intro: G C G D C G

I?m keepin? myself alive

After a long time

The whisky bottles

Are my supplies

I?ve been walking

For miles and miles

I am searching for

A better place to hide

My feet are tired

In my old boots

The weather is so hot

I?m walking till? my dreams come true

Chorus (2x)

I am an old dog

I?m feeling so strong

The whisky supplies me

And never leaves alone

SOLO: G C G D C G

Eventhough i?ve been good

You know, i?ve could

Made some friends here

That wouldn?t made me leave

The road is hard

I?ve spent my money out

I?m looking for job

There?s nobody here to talk

After knowing this place

I?m going away

With my whisky bottles

Following to my trace

Chorus (2x)

I'm just an old dog

I?m feeling goddamn strong

The whisky supplies me

It won?t leave me... alone

FINAL: G
