

Oliver Tree - Cowboys Don't Cry

tom:
Capostrate na 1ª casa

[Pré-Refrão]

I'm not good at goodbyes
I miss the sunshine in your eyes
Who said cowboys don't cry?
Come on baby, let's take one last ride

[Refrão]

We're riding around this carousel
If you catch my drift
We're riding around this wagon wheel
She took me for a spin
We're riding around this carousel
Getting dizzy till we're sick
Love is like a circle
There's no easy way to end

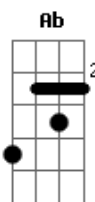

[Primeira Parte]

It's too much, I can't take anymore
Stuck feeling like we've been here before
But now the sun stopped shining here in the Wild West
My heart stopped beating, it has sunk into my chest

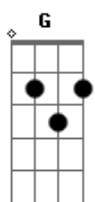

[Refrão]

We're riding around this carousel
If you catch my drift
We're riding around this wagon wheel
She took me for a spin
We're riding around this carousel
Getting dizzy till we're sick
Love is like a circle

[Segunda Parte]

Just an outlaw who only had one friend
I wonder if I'll ever see her face again
Dark clouds hanging over, they follow where I've been
My cowboy tears are still blowing in the wind

[Refrão]

We're riding around this carousel
If you catch my drift
We're riding around this wagon wheel
She took me for a spin
We're riding around this carousel
Getting dizzy till we're sick
