No man's an island, do you not see

 A year, months, any weekend

Is no match for my loyalty

Question would you do the same for me

 They say distance can make the heart grow fonder

But for you I wonder
'Cause if I'm not by your side

Are you still on mine?
Bm Abm
I was on the way down

I've been on my knees this whole week

So when I need you most
Will you be my echo?
I was feelin' drowned out

Searchin' for some sweet relief

So when I need you most
Will you be my echo?

(Ebm Bb Db Db Db)

Just take a little weight off me

Fix up and be about it
