

Olivia Dean - I Could Be A Florist

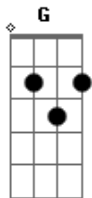

tom:
F
I could be a florist F
'Round the corner from rye lane G
I'll be giving daisies to crazies F
But baby I'll wrap you up real safe G
Oh, I can give you flowers C
At the end of every day F
For the center of your table or rainbow Dm7
In case you have people 'round to stay G
If you need to tell 'em sorry (sorry, my fault, it's okay) F
Then I'll have the right bouquet (right bouquet) G

When words don't come so easy F
Believe me, you need these G
They know just what to say
Oh, I could be a florist C
Put some life up in your space F
That little something missing Dm7
I'll fix it, can't miss it G
I'm open every day Am
That little something missing Dm7
I'll fix it, can't miss it G
I'm open every day C
