

## Olivia Dean - Loud

```
В
                                                          So we can't even talk as friends
              tom:
              Dbm
Intro: Dbm7 Abm7 A7M Ab7
A7M B7 E7 Ab7
                                                          [Pré-Refrão]
                                                                            A7M
                                                          I never asked for love, no diamond ring A7M B Bb Bb7
[Primeira Parte]
Dbm7 Abm7 A7M
                                                            You let yourself in
                                Ab7
 Even now, I don't know when you let go
A7M B
                                                          [Refrão]
              E Ab7
 Or when it slipped away
Dbm7 Abm7 A7M Ab7
At my house, four hands at the piano
                                                                 Ebm7
                                                          And you weren't allowed
A7M B
                 E Ab7
You sure know how to play
                                                            To come around and throw my heart about
                                                                               Ebm7 Gb
[Pré-Refrão]
                                                            To turn me on just to turn me down
                                                                             C
                                                           And everything's unspoken now
  I never asked for love, no diamond ring
M B Bb Bb7
                                                                            Abm7
                                                          I'm out, the silence is so loud
   You let yourself in
                                                          [Pós-Refrão]
[Refrão]
      Ebm7
                                                          The silence is so loud
And you weren't allowed
                                                                           Fbm7 Gb
                                                          The silence is so loud
 To come around and throw my heart about
                                                          And everything's unspoken now
                  Ebm7
                                                          B7M Bb B
I'm out, the silence is so loud
 To turn me on just to turn me down
Db Dbm
And everything's unspoken now
                                                          [Final]
I'm out, the silence is so loud
                                                          Ebm7
                                                                    Bbm7 Abm7
                                                              Here I am, two hands at the piano
[Segunda Parte]
                                                          Abm7 Db7
                                                                          Gb7 Bb
                                                           The one I let you play
       Abm7 A7M Ab7
                                                          Ebm7 Bbm7 Abm7
A month ago, you had me under covers
                                                           I understand if you changed your mind about me
           E Ab7
                                                          Abm7 Db7 Gb7
But all you had to do was say
A7M B
                                                                                  Gb7
   Butterflies in bed
      Abm7
                            A7M
   No, I won't phone, 'cause we went straight to lovers
```
