

## Olivia Dean - Man I Need

```
Be the man that I need, baby
                tom:
                D (forma dos acordes no tom de Db )
Capostraste na 1ª casa
                                                                Talk to me, talk to me
                                                                Be the man, man, man, man
Talk to me, talk to me
Talk to me, talk to me
                                                                 I'd like to think you feel the same way
                                                                 But I can't tell with you sometimes
                                                                 So, baby, let's get on the same page
 Looks like we're making up for lost time
                                                                 Stop making me read between the lines
Need you to spell it out for me
                                                                Already know, I can't leave it alone
Bossa nova on all night
                                                                You're on my mind, mm
It's like a type of alchemy
                                                                Already gave you the time and the place
Intro: duce me to your best friend
                                                                So, don't be shy
I can come and slot right in
                                                                Just come be the man I need
A satellite ain't even that far
                                                                Tell me you got something to give, I want it
I, I kinda wonder where you are
                                                                 I kinda like it when you call me wonderful
Already know, I can't leave it alone
                                                                 Whatever the type of talk it is, come on then
You're on my mind, mm
                                                                 I gotta know you're meant to be the man I need
Already gave you the time and the place
                                                                Talk to me, talk to me
So, don't be shy
                                                                Talk to me, talk to me
Just come be the man I need
                                                                Mm, talk to me, talk to me
Tell me you got something to give, I want it
                                                                Be the man that I need, baby (be the man)
I kinda like it when you call me wonderful
                                                                Talk to me, talk to me
Whatever the type of talk it is, come on then
                                                                Be the man that I need, need, need
I gotta know you're meant to be the man I need
                                                                Mm, talk to me, talk to me
Talk to me
                                                                Be the man that I need, baby (be the man)
Talk to me
                                                                Talk to me, talk to me
                                                                Be the man, man, man, man
Mm, talk to me, talk to me
                                                                F C
Be the man that I need, baby
                                                                \mathsf{Mm}
                                                                       C
Talk to me, talk to me
                                                                Mm-mm, mm-mm, mm
Be the man that I need, need, need
                                                                Mm-mm, mm
                                                                       F
Mm, talk to me, talk to me
                                                                Mm-mm, mm-mm, mm-mm, mm
