

# Olivia Newton-John - Deeper than the night

Tom: E

A B A  
I can't imagine why you say the things you do  
A B Dbm  
Maybe in time I'll understand  
A B A  
What is the reason for the emptiness you feel  
A B A  
When I'm trying everything I can  
A Dbm  
My love is running deeper than the night  
Abm  
Stronger than the north wind blowing  
Dbm  
It's a fire burning bright  
A E  
And it's always been this way

Can you hear me?  
Am I really coming thru?  
Why do your eyes seem to dance away?  
I know what's right for you Haven't I always?

I need you more than I can say

B My love is running deeper than the night  
Stronger than the north wind blowing  
It's a fire burning bright  
And it's always been this way  
B  
My love is running deeper than the night  
Stronger than the north wind blowing  
It's a fire burning bright  
And it's always been this way  
A Dbm E A E  
And I'll never ever change  
A E  
In my lifetime, I'll stay the same  
A Dbm  
Yes I'll never, I'll never change  
A  
I'll love you, I'll stay the same

My love is running deeper than the night  
Stronger than the north wind blowing  
Fire burning bright, and it keeps on growing, keeps on growing  
(repeat)
