You don't understand what I've been through He had every right to do the wrong that he done to me But that don't make it easier to lose No that don't make it easier to lose

### Verse 2:

I know his list of lovers was just as long as mine
But the sometime friend of a natural woman is to settle down
But the one time ways of that man have done busted up my

Now he's out the door, he's got one more on his list than I got on mine

#### Chorus

#### Verse 3:

Well, it's gonna be a long time before I pass this way again I've been dragged through school and I've learned the rules and it seems to me

That a man'll love to fool ya and he won't always fool you nice

Yes he had his turn, I guess I've learned and no he ain't gonna fool me twice

#### Chorus:

And you still ain't got the right to tell me I'm not lonely You don't understand what I've been through He had every right to do the wrong that he done to me But that don't make it easier to lose
No that don't make it easier to lose
