

# Olivia Rodrigo - Astronaut (Unreleased)

tom:  
 (Ha, ha, ha, ha, ha, ha, ha, ha, ha)

Bb  
 They say she's pretty

Ab  
 She comes from money

Gm  
 She gives you everything I couldn't give

Bb  
 You take her to the beach

Ab  
 You talk rationally

Gm  
 That's the kind of life I could never live

Bb  
 'Cause I'm an astronaut

Ab  
 I'm tethered to the stars

Gm  
 Yeah, I'm an astronaut who still thinks the world could be ours

Bb  
 But I sit here and watch you and her from outer space

Ab  
 I'll watch every part of me be replaced

Gm  
 And slowly, but surely, I'll drift away

Bb  
 They say you sing to her

Ab  
 She understands your humor

Gm  
 I'm glad you found yourself someone you can tie down

Bb  
 Oh, Let me ask you something small, are you recycling it all?

Gm  
 All the sweet little words and the perfect slow burns

F  
 I wonder if you told her I did that shit first (Mmm)

Bb  
 But I'm an astronaut, could never keep my feet on the ground

Gm  
 Yeah, I'm an astronaut, my dreams were too big to make you proud

Bb  
 So I sit here and watch you and her from outer space

Ab  
 I'll watch every part of me be replaced

Gm  
 And slowly, but surely, I'll drift away

Bb  
 You couldn't handle my lunacy, my voice, my opportunity

Ab  
 The distance and my confidence, no you couldn't put up with it

Gm  
 You left me stranded in the stars and ran into another's arms

F  
 Will you see me on the TV and be proud?

F  
 Until then, just please do not forget about

Bb  
 Your little astronaut who's tethered to the stars

Gm  
 Your little astronaut who still thinks the world could be ours

Bb  
 Who's sitting and watching you and her from outer space

Ab  
 I'll watch every part of me be replaced

Gm  
 And slowly, but surely, I'll be okay

F  
 I'll be okay
