

Olivia Rodrigo - Baby Is You

tom:

G

I know you're with somebody new

G

But I can't write a song that's not all about you

Am

It's not fair baby

D7

How come it's so easy?

G

For you to forget everything you said?

G

Like how I was the best girl you'd ever met

Am

Guess you take it back

D7

Should've expected that

G

But when I say I'm fine I'm lying really well

Em **E**

'Cause I can't love anyone else

Am

And I'm so jealous that you can

D7

Scared I'll never feel that again

G

'Cause I still can't call anyone baby

E

'Cause baby is still you to me

Am

Don't you think I wanna move on to?

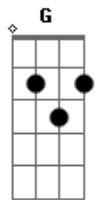

D7

But I can't love anyone the way

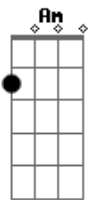

G

The way I loved you
