                                                                         Fm
               Ab (forma dos acordes no tom de G )
                                                                I broke a glass, I tripped and fell
Capostraste na 1ª casa
Intro: G F G F G F G F G F
                                                               I told secrets I shouldn't tell
                                                                        Em
                                                               I stumbled over all my words
[Primeira Parte]
                                                               I made it weird, I made it worse \begin{tabular}{lll} Em & Bm & C \end{tabular}
Cat got my tongue
                                                               Each time I step outside
                                                               G Em Bm G Em Bm
It's social suicide
And I don't think I_{\underline{}}get along with anyone
G F G F
Blood running cold
                                                               It's social suicide
  G
I'm on the outside of the greatest inside joke G F
                                                                          Em
                                                                Wanna curl up and die
And I hate all my clothes
                                                               It's social suicide
Feels like my skin doesn't fit right over my bones G F G F So I guess I should go
                                                               G Em
                                                               Yeah, when I'm alone, I'm fine
                                                                Bm C
       G
                            F
                                                               But don't let me out at night
The party's done, and I'm no fun, I know, I know
                                                               It's social suicide
I know, I know
                                                                It's social suicide
[Refrão]
                                                               Ah-ah, ah-ah
G F
I broke a glass, I tripped and fell
                                                               Ah-ah-ah-ah-ah, ah-ah
I told secrets I shouldn't tell
Em Bm
                                                                 G F G F
                                                               Ah-ah, ah-ah
G F G F
I stumbled over all my words
                                                               Ah-ah-ah-ah-ah, ah-ah
I made it weird, I made it worse
                                                               [Refrão]
Each time I step outside
G Em Bm
                                                                        Em
It's social suicide
                                                               I broke a glass, I tripped and fell
                                                               Told secrets I shouldn't tell
( G Em Bm )
                                                               Em Bm
Stumbled over all my words
                                                               C G
Made it weird, then made it worse
Em Bm C
It's social suicide
          Em
 Wanna curl up and die
                                                               Each day that I'm alive
It's social suicide
                                                               G Em Bm
                                                                It's social suicide
Ah-ah, ah-ah
G F G F
                                                               ( G Em Bm )
Ah-ah-ah-ah-ah, ah-ah
                                                               It's social suicide
[Segunda Parte]
                                                                          Em
                                                                Wanna curl up and die
                                                               It's social suicide
I laughed at the wrong time, sat with the wrong guy (Uh-huh) \,
                                                                           Em
S?archin' "how to start a conversation?"
                                                                It's social suicide
                                                               Bm C
                                                               Don't let me out at night
On a website (How to flirt?)
I talk?d to this hot guy, swore I was his type
                                                               I'm shocked I'm still alive
Guess that he was makin' out with boys,
                                                                It's social suicide
                                                                 G F G F
Like the whole night (0h)
                                                               Ah-ah, ah-ah
G F
 Everythin' I_do is tragic (Oh)
                                                               Ah-ah-ah-ah-ah, ah-ah
Every guy I like is gay (0h)
                                                               [Terceira Parte]
 The morning after I panic (0h)
Oh God, what did I say? (Oh, oh, oh)
                                                                Thought your mom was your wife (Ah)
```
