

# Olivia Rodrigo - Gross

tom:  
F

Not long ago when I saw you there  
With your brown eyed grin and your messy hair Bb  
And every girl at the party was looking at you C  
Ooh-ooh, ooh-ooh, ooh-ooh-ooh

F  
I wonder what I'd say if I knew back then  
That the brown eyed boy'd be my best friend Bb  
And the one I'd give my heart to C  
Ooh-ooh, ooh-ooh, ooh-ooh-ooh

F  
Now everything reminds me of you  
Your pictures framed all over my room Bb  
And if I hate someone you'll hate em too C C7

F  
As long as I'm your darling angel  
I don't need anything in the world  
Cuz I feel like the luckiest Bb  
Every second that I'm your girl C

F  
I wanna do everything with you  
Take the highs, I'll take the lows, I'll  
Keep you close Bb  
Give you the most, oh baby C F

I like you so much it's kinda gross  
Yeah, I like you so much it's kinda gross Bb C F

F  
Driving in your car I feel all grown up  
Is it me or does it feel more than high school love? Bb  
Not gonna lie, your last name sounds so ni-i-i-ce C

F  
I love when you complain about things like traffic  
Love when you're tired, baby I like all of it Bb  
Honestly, I can't believe you're mi-i-i-ine C

F  
I bring you up in every conversation  
We're young I know we gotta be patient Bb  
But I know I want my life to have you in it C C7

F  
As long as I'm your darling angel  
I don't need anything in the world  
Cuz I feel like the luckiest Bb  
Every second that I'm your girl C  
I wanna do everything with you F

Take the highs, I'll take the lows, I'll  
Keep you close Bb  
Give you the most, oh baby  
C I like you so much it's kinda gross C F  
Yeah, I like you so much it's kinda gross Bb C F
