**C**

**A** Monday morning you meet me at the hotel

**C** You bought me coffee just to spill?it?on yourself

**F** But you never?take things seriously

**G** It's kinda why I?like you so much honestly

**C** I wrote a note and left?it?folded?in your pocket

**C** You?taped it to?your wall in your New York apartment

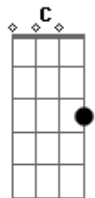

**F** Kissing in the taxi cab

**G** 'Til the driver gives us dirty looks back

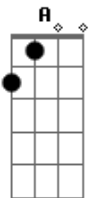

**C** Oh, it's l-o-v-e

You're crazy

**F** But it's not in a bad way

Dancing on the highway

**G** You make me feel older than 17

**C** Yeah, this is l-o-v-e

**C** Or something really close

Hey baby

**F** I think you're really dope

I honestly don't know why

**G** I should ever leave your side

'Cause this is love, right?

[Final] **C**
