

Olivia Rodrigo - purple

tom: D [Intro] Bm G Em A
Bm G Em A

[Primeira Parte]

It's funny
When your mom shows
Pictures of you in your
School clothes
Your buzzcut
And scrapes on your knees changed
But those eyes
I still know

[Pré-Refrão 1]

And it's crazy (it's crazy)
How I used to visit
Your town like a tourist
Now I got (I got)
A local grocery store
And a favorite florist
And so it goes that

[Refrão]

You kissed my neck
Made our paths intersect
Till the two lines formed a circle
(Gbm Bb A)

And I melt with you
You're red and I'm blue
Now I see the world in purple
Purple

[Segunda Parte]

Now a toothbrush
A coat and pair of shoes all come in
Double (double, double, double)
And we fight
Over who I'm hanging out with like a
Real couple
(Couple, couple, couple)

[Pré-Refrão 2]

It's a small world
When it only can revolve
Around us two
It's crazy (it's crazy)
I had big dreams till
I tied myself to you
Now I'm all consumed and

[Refrão]

You kissed my neck
Made our paths intersect
Till the two lines formed a circle
(Gbm Bb A)

And I melt with you
You're red and I'm blue
Now I see the world in purple
Purple

[Terceira Parte]

I see the world in
I see the world in
Purple (Purple, Purple)
I see the world in
I see the world in
Purple (Purple, Purple)

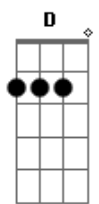

[Final]

Melt with you till
It all turns black
Are we so in love?
Are we too attached?
Melt with you till
It all turns black
When you smooth it out
But it feels too flat
Melt with you till
It all turns black
When you get so close
And you can't go back

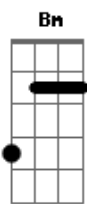

^D
Melt with you till
^G It all turns black ^C ^G

^D
Melt with you till
^D I just feel sad ^C ^{Bb} ^D
