

Olivver The Kid - The Woods

Tom: **G**

Gbm **Bm**
Waking up in the middle of the woods
Gbm **Bm**
Naked in the middle of the woods

Gbm **D**
I've seen all the wolves in this place
Gbm **Gbm**
I've been a wolf in this place
Gbm **D**
I've been watching the rats in the race
Dm
I was a rat in the race
Gbm
I've seen the love in me fade

D **E** **Gbm** **Dbm**
I am no longer here: the place I fear, the place that fills me
D **E** **Gbm** **Ebm**
You are: the words I feel, the knot that heals, the place I
kneel to

D
Tell me that you want to leave with me
E
Tell me that you want to go with me
Gbm
Don't you want to get out of here?
Dbm
Out of the woods?
D
Tell me that you want to leave with me
E
Tell me that you want to go with me
Gbm
Don't you want to get out of here?
Dbm
Out of the woods?

D
We walk down to the ocean
E
Your sarcasm heavy laden on me
Gbm
Your eye contact leaves a message

Dbm
My love stacked on top of the trees
D
You brought me down to the river
E
And you pushed me in
Gbm
Hoping that the white rapids
Dbm
Would challenge my ability to swim
D **E**
You are the words I feel
Gbm
You're how I deal
Dbm
You're who I run to

D
Tell me that you want to leave with me
E
Tell me that you want to go with me
Gbm
Don't you want to get out of here?
Dbm
Out of the woods?
D
Tell me that you want to leave with me
E
Tell me that you want to go with me
Gbm
Don't you want to get out of here?
Dbm
Out of the woods?

D **E**
I walk you down to the willow to show you the leaves
Gbm
I say 'they are just like us
Dbm
Ever changing into the breeze'
D
You pick up two handfuls
E
You tell me 'they're all dried up and dead'
Gbm
You know that's nothing like us
Dbm
We'll live forever instead
