Omar Rudberg - Simon's Song (From The Netflix Series Young Royals)

```
                            tom:
                             G
Intro: G          C          G
Days behind us, years gone by
             Em          D   C
They say all wounds will heal with time
          G     C     G
I got hurt, I lost myself
      Em         D        C
I was lost before I found my way
            D          C
What we had and who we were
         Em          D        C
I can't forget all the good we shared
        G       C        G
If you ask me about what stayed
               D   C    G
The memories will never fade

[Verse 1]
          G        C        G
We've been tested, we had to fight
      Em         D      C
But what we were, no one can rewrite
            G      C         G
Afterwards, we go our separate ways
          Em               D C
But I'll rememb?r you for all my days

[Chorus]
           D            C
What we had and who we wer?
```
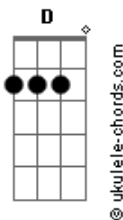

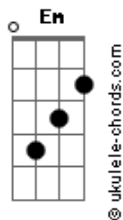

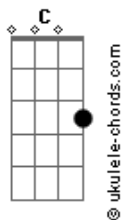

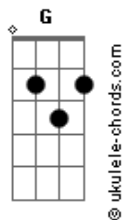

Acordes

```
                      Em         D        C
I can't forget all the good we shared
        G           C         G
The question's answer is for sure
        D          G
That Hillerska will endure

[Verse 2]
         Em       C    G
If you saw me here today
          D              G
Saw how longing makes me weak
          C          Em           D
And the memories that remain within me
              C          Em
Yes, if I saw you here today
          D              G
I would ask you how it was
                     C           Em
And if you still remember the past that
        D
Was us

[Final]
          G        C        G
We've been tested, we had to fight
      Em         D      C
But what we were, no one can rewrite
            G      C         G
Afterwards, we go our separate ways
          D               C      G
But I'll remember you for all my days
```
