

# Once Upon a Time - Love Doesn't Stand a Chance

Tom: **G**

So, the Charmings think their love is  
Strong enough to defeat me?  
Well, there's one thing they don't know

Mirror mirror, could not be clearer  
That love is a waste of time  
I'm here to tell you with love's magic spell

You cannot match the power of mine

Once I loved and once I learned

Love is weakness

Love will leave you burned

Down with love, down with hope

Don't need blind faith to cope

Or inspiring songs in my heart

Got the magic I need

For my darkest of deeds

Love at times can entrance

But love doesn't stand a chance

Love doesn't stand a chance

Mirror mirror, the times draws nearer

For me to enact my curse

Those happy feelings That send them reeling

That send them reeling

Down with love, down with hope

Don't need blind faith to cope

Or inspiring songs in my heart

Got the magic I need

For my darkest of deeds

Love at times can entrance

But love doesn't stand a chance

Love doesn't stand a chance

Stole my shot at one true love

That's what she did to me

Now that little bitch will wish

She never ever knew me

Down with love, down with dreams

Down with goodness schemes

'Gonna rip the song right from their hearts

Got the magic I need

For my darkest of deeds

Watch my curse kill romance

So love doesn't stand a chance

No, no

Love doesn't stand a chance

## Acordes
