

One Direction - Moments

Tom: **D**

D
Shut the door turn the light off

A
I wanna be with you

I wanna feel your love

Bm
I wanna lay beside you

G
I cannot hide this even though I try

D
Hard beats harder

Time escapes me

A
Trembling hands touch skin

Bm
It makes this harder

G
And the tears stream down my face

Bm **A** **D** **G**
If we could only have this life for one more day

Bm **A** **G**
If we could only turn back time

D
You know I'll be

A
Your life, your voice your reason to be

My love, my heart

Bm
Is breathing for this

Moment in time

G
I'll find the words to say

Before you leave me today

D
Close the door

Throw the key

A
Don't wanna be reminded

Don't wanna be seen

Bm
Don't wanna be without you

My judgement is clouded

G
Like the night sky

D
Undecided

Voice is numb

A
Try to scream out my lungs

Bm
But it makes this harder

G
And the tears stream down my face
Bm **A** **D** **G**
If we could only have this life for one more day
Bm **A** **G**
If we could only turn back time

D
You know I'll be

A
Your life, your voice your reason to be
My love, my heart

Bm
Is breathing for this

Moment in time

G
I'll find the words to say

Before you leave me today

Bm **A**
Flashes left in my mind

G
Going back to the time

Playing games in the street

D **Bm**
Kicking balls with my feet

A
Dancing on with my toes

G
Standing close to the edge

D **Bm**
There's a pile of my clothes at the end of your bed

A
As I feel myself fall

D
Make a joke of it all

D
You know I'll be

A
Your life, your voice your reason to be

My love, my heart

Bm
Is breathing for this

Moment in time

G
I'll find the words to say

Before you leave me today

D
You know I'll be

A
Your life, your voice your reason to be

My love, my heart

Bm
Is breathing for this

Moment in time

G
I'll find the words to say

Before you leave me today
