Tom: G
Intro: 2x: Bm G D

```
          Bm                    G              D
There's a lightning in your eyes I can't deny
             Bm        G        D
Then there's me inside a sinking boat running out of time
         Bm           G          D
Without you I'll never make it out alive
         Bm          G           D
But I know yes I know we'll be alright

            Bm                G              D
There's a devil in your smile that's chasing me
      Bm           G             D
And every time I turn around it's only gaining speed
           Bm            G         D
There's a moment when you finally realize
            Bm          G             D
There's no way you can change the rolling tide
        Bm          A             G      -stop
But I know yes I know that I'll be fine
