

One Direction - Spaces

Tom: D

Who's gonna be the first one to start the fight?
 Who's gonna be the first one to fall asleep at night?
 Who's gonna be the last one to drive away?
 Who's gonna be the last one to forget this place?

We keep taking turns
 (ooh) Will we ever learn?

Oh, the spaces between us
 Keep getting deeper
 It's harder to reach her
 Even though I've tried
 Spaces between us
 Hold all our secrets
 Leaving us speechless
 And I don't know why
 Who's gonna be the first to say goodbye?

(A D)

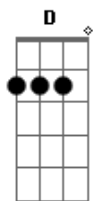

Who's gonna be the first one to compromise?
 Who's gonna be the first one to set it all on fire?
 Who's gonna be the last one to drive away?
 Forgetting every single promise we ever made

Oh, the spaces between us

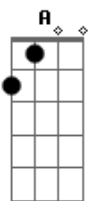

Keep getting deeper
 It's harder to reach her
 Even though I've tried
 Spaces between us
 Hold all our secrets
 Leaving us speechless
 And I don't know why
 Who's gonna be the first to say goodbye?

The spaces between us
 The spaces between us
 The spaces between us
 The spaces between us...
