

One Direction - Where We Are (Unreleased)

tom:

C

Remember when we would stay out too late?

We were young, havin' fun, made mistakes

Did we ever know? Did we ever know?

Did we ever know? Yeah

All the things we'd just think up and say

Never wrong, always right, not afraid

Did we ever know? Did we ever know?

Did we ever know?

Is it all inside of my head?

Maybe you still think I don't care

But all I need is you
Yeah, you know it's true

Yeah, you know it's true

Forget about where we are and let go

We're so close

If you don't know where to start

Just hold on and don't run, no

We're looking back, we messed around

But that was then, and this is now

All we need's enough love to hold us

Where we are

Summer days rushin' by you and me

Makes it harder to see underneath

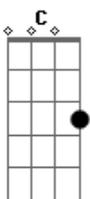

Did we ever know? Did we ever know?

Did we ever know? (Did we ever know?)

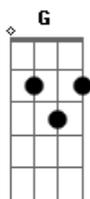

Is it all inside of my head?

Maybe you still think I don't care

But that was then, and this is now

All we need's enough love to hold us
Where we are

(Where we are, where we are)

(Where we are, where we are)

With closed eyes and open mind

We can be there, we can be there

But this time, let's cross the line

Can you see it? Can you see it?

Forget about where we are and let go

We're so close

If you don't know where to start

Just hold on and don't run, no

We're looking back, we messed around

But that was then, and this is now

All we need's enough love to hold us
Where we are
