

# OneRepublic - Prodigal

Tom: **G**

**D** **D**  
We say good-bye  
I turn my back  
**G**  
Run away, run away  
So predictable  
**D**  
Not far from here  
**D**  
You see me crack  
**G**  
Like a bone, like a bone  
I'm so breakable

**D** **D** **G**  
And I take everything from you  
**D** **D** **G**  
But you'll take anything  
Won't you?

**D** **G**  
Run away, run away  
Like a prodigal  
**Bm**  
Don't you wait for me  
**G**  
Don't you wait for me  
**D** **G**  
So ashamed, so ashamed  
But I need you so  
**Bm**  
And you wait for me  
**G**  
And you wait for me

(O mesmo que a primeira parte)  
I'm on the road  
To who knows where?  
Look ahead, not behind  
I keep saying  
There's no place to go  
Where you're not there  
On your rope, I hold tight  
But it's freeing  
And I take everything from you  
But you'll take anything  
Won't you?

**D** **G**  
Run away, run away  
Like a prodigal  
**Bm**  
Don't you wait for me  
**G**  
Don't you wait for me  
**D** **G**  
So ashamed, so ashamed  
But I need you so  
**Bm**  
And you wait for me  
**G**  
And you wait for me

**C**  
Everybody wants to be right  
**A**  
But only if it's not day light?  
**G**  
I keep trying to find my way back  
**D**  
My way back

**D** **G**  
Run away, run away  
Like a prodigal  
**Bm**  
Don't you wait for me  
**G**  
Don't you wait for me  
**D** **G**  
So ashamed, so ashamed  
But I need you so  
**Bm**  
And you wait for me  
**G**  
And you wait for me

**D**  
Runaway  
**G**  
Runaway  
Runaway  
**Bm**  
From you  
**G**  
From you  
From you

## Acordes
