E Abm#5
Now I stared at you
From across the room
Until both my eyes were faded
E Abm#5
I was in a rush
I was out of luck
Now I'm so glad I waited
E Abm#5
Well you were almost there
Almost mine... yeah
E Abm#5
They say love ain't fair
But I'm doing fine...

[Chorus]

A
Cause I swear it's you
I swear it's you
I swear it's you that I've waited for
and I swear it's you
I swear it's you
I swear it's you that my heart beats for
And it ain't gonna stop
No it just won't stop
E Abm#5 D F#m7add4

E Abm#5
Now you were fine by night
But when the morning light comes
Comfortable as rain on Sunday
E Abm#5
And I'm a lucky soul
That holds your hand so tight
Hope you hear this one day

E Abm#5
Don't fool yourself
This is my truth

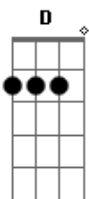

[Chorus]

A
I swear it's you
I swear it's you
I swear it's you that I've waited for
I swear it's you
I swear it's you
I swear it's you that my heart beats for
And it ain't gonna stop
just won't stop
You take this hand
You take this heart
Steal my bones
From 1000 miles apart
Feels so cold
Felt just like its ten shades of winter
And I need the sun
E Abm#5 D F#m7add4 E Abm#5 D F#m7add4

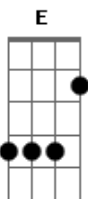

[Chorus]

A
and I swear it's you
I swear it's you
I swear it's you that I've waited for
I swear it's you
I swear it's you
I swear it's you that my heart beats for
I swear it's you
I swear it's you
I swear it's you that I've waited for
I swear it's you
I swear it's you
I swear it's you that my heart beats for
And it ain't gonna stop
just won't stop
