       Abm#5
      I was in a rush
                                                                                                                                                                                                                                   You take this hand
I was out of luck
                                                                                                                                                                                                                                                                                      F#7add4
                                            F#madd4
                                                                                                                                                                                                                                   You take this heart
Now I'm so glad I waited
                                                                               Abm#5
                                                                                                                                                                                                                                  Steal my bones
     Well you were almost there
                                                                                                                                                                                                                                   From 1000 miles apart
        D F#madd4
Almost mine... yeah
                                                                                                                                                                                                                                                        Α
                                                                                                                                                                                                                                   Feels so cold
   They say love ain't fair
                                                                                                                                                                                                                                   Felt just like its ten shades of winter
                                    D F#madd4
But I'm doing fine...
                                                                                                                                                                                                                                                                                    E Abm#5 D F#madd4 E Abm#5 D F#madd4
                                                                                                                                                                                                                                   And I need the sun
[Chorus]
                                                                                                                                                                                                                                   [Chorus]
Cause I swear it's you
                                                                                                                                                                                                                                   and I swear it's you
I swear it's you
                                                                                                                                                                                                                                   I swear it's you

I swear it's you that I've waited for
                                                                                                                                                                                                                                                                                Dbm
                                                                                                                                                                                                                                   I swear it's you that I've waited for
and I swear it's you
                                                                                                                                                                                                                                   I swear it's you
I swear it's you
                                                                                                                                                                                                                                  I swear it's you
                                            Dbm
I swear it's you that my heart beats for
                                                                                                                                                                                                                                                                                Dbm
                                                            D A
                                                                                                                                                                                                                                   I swear it's you that my heart beats for
And it ain't gonna stop
                                                                                                                                                                                                                                  I swear it's you
                                                      E Abm#5 D F#madd4
No it just won't stop
                                                                                                                                                                                                                                   I swear it's you
     Now you were fine by night
                                                                                                                                                                                                                                   I swear it's you that I've waited for
                                                                                                                                                                                                                                   I swear it's you
But when the morning light comes
                                            F#madd4
Comfortable as rain on Sunday
                                                                                                                                                                                                                                   I swear it's you
                                                                   Abm#5
                                                                                                                                                                                                                                                                              Dbm
    And I'm a lucky soul
                                                                                                                                                                                                                                   I swear it's you that my heart beats for
                                                                                                                                                                                                                                                                                                D A
That holds your hand so tight
                                                                                                                                                                                                                                  And it ain't gonna stop
             F#madd4
                                                                                                                                                                                                                                                                                      E Abm#5 D F#madd4 E
                                                                                                                                                                                                                                                just won't stop
Hope you hear this one day
```
