tom:

Intro: Am C Am

Am C  
Sometime ago things weren't the same  
Am C  
Maybe I've driven myself crazy and I still didn't realize  
Am  
And somehow there're some questions  
C  
That I keep looking for  
G  
But I don't understand, I just wanna say

Am C  
When I'm gonna feel again?  
G D  
I don't know what is happening  
Am C G D  
I just wanna be the same as everybody  
Am C  
And I am still right here  
G D  
Living in this faking empty body  
F G  
But I cannot take it anymore  
Am C G D  
That I'm about to break

Am C  
Is there anything that can light up the night  
Am C  
Or maybe it turns all these pains in blind  
Am  
And I'm still walking on this path  
C  
With anything that was left  
G

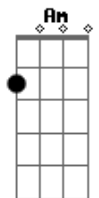

But always I remind, what comes in my mind

Am C  
When I'm gonna feel again?  
G D  
I don't know what is happening  
Am C G D  
I just wanna be the same as everybody  
Am C  
And I am still right here  
G D  
Living in this faking empty body  
F G  
But I cannot take it anymore  
Am C G D  
That I'm about to break

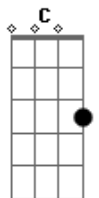

F G Am C F  
And I know, there is something inside me making these wounds  
C G E  
Like a blow, so i need to find these roots to break it through

Am C  
When I'm gonna feel again?  
G D  
I don't know what is happening  
Am C G D  
I just wanna be the same as everybody  
Am C  
And I am still right here

F G  
But I cannot take it anymore

That I'm about to break
