

OutKast - B.O.B

Tom: **G**

Solo

after the solo it's pretty much wah-wah peddle between the fifth and sixth fret on the **G** string. Alright, enjoy and i'd like to hear some feedback since i did this one by ear and it's my first time writing a tab. Gotta give back to this site since i learned guitar entirely based on this site and playing by ear.

Acordes
