In the land of a million drums

there is always something going on, on, on, on

If you can't locate your thought off

might as well go on take your dead home, home, home, home

[Big Boi]

In the land of a million drums

I catch a pattern that spit rings around you like Saturn

Intergalatic tracks I make 'em like magstrulium

Intis one for scooby, pass the doobie imma do me one, do me one em?

Only you clean over

I pick up the mic and rock it while I'm sober

For the rated G exposure if you listen what I'm tryin to told

For the rated G exposure if you listen what I'm tryin to tology a

We fathers with seeds of our own

We're talkin about sons and daughters boy, not roots and clones

Now that the theory gone wrong

An embryo with no soul

Stuck in this green mini-van with my lungs in a chokehold Shaggy pass the boombastic $\,$

Daphne said don't do that

Freaky Fred smashed the gas and slammed us into traffic Now Scrappy wanna box and throw them bows

so I had to sic the pitbull on him before he could pass one

Scooby-doo, scooby-doo, scooby damn doo, scooby doo (Scooby doobie doo)

[Chorus]
[Killer Mike]

Woke up from a long night of hanging out with Shaggy

Oh no, lost my last baggy of scoobie snackies

Shaggy wake up, we've been had

Our scooby snacks they got the whole stash He said, who who, I don't have a clue I suspect the thirteen ghosts of Scoobie Doo

Call Vincent Price up on the Nextel
Tell him to send another package right through the mail

In the meantime, I'mma call Velma to tell her

To get the Mystery Machine ready I'm two-wayin Daphne and Freddy

Me and Shaggy dressed in all black, strapped

Dippin through the flash tryin to get our stash back

Roundin up suspects, collection' clues

I got a question, where the hell is Scooby Doo when you need em?

The hound's only found when you feed him

In fact he probably got my sack

Tell him holler back

[Chorus]

[Andre 3000]

Break it down, break it down baby 'til the flow jumps off the ground

Ooo break it down lookin' over yonder til the walls come

tumblin down

Ooo, yes lord y'ain't gotta tell me two times but you know I know $\ensuremath{\mathsf{I}}$

Ooo, break it down, break it down baby 'cuz I want y'all all to know $% \left(1\right) =\left(1\right) \left(1\right$

We rock the world

[Chorus]

I coulda got away with it, if it wasn't for ya meddlin kids (oh oh, oh no) [Til' music ends]
