Tom: E
Intro: E7M A7M E7M A7M

E7M A7M
Flor do Ipê brotou lá no quintal
Amarela feito luz do sol
Anunciando ao raiar do dia
Que já principia nova estação
Nova estação
Nova estação

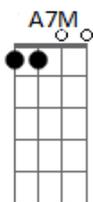

E7M A7M
Fertilidade jovem que se traduz
Em galhos, folhas, síntese e raiz

O coração de quem só quer o bem, meu bem
Também aflora que nem pé de flor
Que nem pé de flor
Que nem pé de flor
Beleza pura, tô de bem com a vida
Sorriso brota seja onde for
Tal qual imensa árvore florida
É meu coração na estação amor
Na estação amor
Na estação amor
