

Pablo Onofre - I'll Bring You Here

Acordes

```
Yes, I'll bring you here to me
When you look down
Try to see me here
D D D D
I'll be waiting % \left( 1\right) =\left( 1\right) \left( 1\right) \left(
D D D D
I'll be waiting for your love
 I'll be ready for your love
 And I'll fly, I'll fly
I'll touch the sky
 I'll let you know me
 And I'll bring you here
Yes, I'll bring you here
                                                                                   Em A D D
 Oh, I'll bring you here to me
 I'll bring you here
                                                                                                                              D
My love, I'll bring you here
                                                                                                                                                                                                                           A D D D
                                                                                                Em
Yes, I'll bring you here to me
```
