

Painters And Dockers - Jack's Car

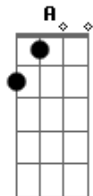

tom:
Intro: [Verse 01]
He took the key to the car, he drove it far
He saw her face in the press, he was not impressed
Gunning that Chev to the floor, had to have her once more
Mescal, Camel by his side, then he'd drive

[Chorus]
She had a secret, oh oh
He tried to forget, oh oh
She had a secret, oh oh
Wish they'd never met, oh oh

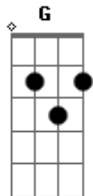

[Bridge]
He drives
Into the sun
He drives
With a gun
With a gun
He had a gun

[Verse 02]
He took the key to the car, he drove it far
