[Primeira Parte]

**F** **C** **C7M**  
If she was a drink, she'd be single barrel bourbon on ice  
**F** **C** **C7M**  
Smooth with a kick, a chill and a burn all at the same time  
**F**  
She's Sunday drive meets high-speed chase  
**Am**  
She ain't just a song, she's the whole mixtape  
**G**  
She's so complicated that's the way God made her  
Sunshine mixed with a little hurricane

[Refrão]

**C** **Em** **F** **G**  
And she destroys me in that t-shirt  
**C** **Em** **F**  
And I love her so much it hurts  
**Am** **Em**  
I never meant to fall like this  
**F**  
But she don't just rain, she pours  
**C** **G** **C** **C7M** **F** 2X

That girl right there's the perfect storm

[Segunda Parte]

**F** **C** **C7M**  
I know how to make her laugh or blush or mad at me  
**F** **C** **C7M**  
But that's OK, there ain't no one more beautiful angry  
**F**  
And she loves just as deep as she goes when she's down  
**Am** **G**  
The highs match the lows, can't have one without the other  
And I love her just the way God made her  
Sunshine mixed with a little hurricane

[Refrão]

**C** **Em** **F** **G**  
And she destroys me in that t-shirt  
**C** **Em** **F**  
And I love her so much it hurts  
**Am** **Em**  
I never meant to fall like this  
**F**  
But she don't just rain, she pours  
**C** **G** **C** **C7M** **F** 2X  
That girl right there's the perfect storm  
**Am** **Em** **F**  
She's the thrill of a lifetime a guy like me spends his whole  
life looking for]  
**C** **G** **C** **C7M** **F** 2X  
That girl right there's the perfect storm
