

Panic! At The Disco - Do You Know What I'm Seeing?

Tom: B

Eb
 Clouds are marching along
 Singing a song, just like they do
 If the clouds were singing a song
 I'd sing along, wouldn't you too?

 If you just knew
 What they could do
 Oh, if you just knew
 What would they do

Eb
 And if the birds are just hollow words
Ebm
 Flying along
 Singing a song

Abm
 What would they do
 If they just knew
 What they could do
 Oh if they just knew

Gb
 I know its sad that I never gave a damn about the weather
