

Paolo Nutini - Iron Sky

Tom: E
Intro: Dbm E A Gbm
Dbm E A Gbm

We are proud individuals
A Living for the city
But the flames
E A Gbm Couldn't go much higher
We find God and religions too
A Dbm E To bait us with salvation
Dbm E But no one, no nobody
A Gbm Can give you the power
Dbm To rise
E Over love
A Over hate
Gbm Dbm Through this iron sky that's fast becoming our mind

E A Gbm Gbm Over fear and into freedom
Dbm Oh, that's life
E That's dripping down the walls
A Of a dream that cannot breathe
Gbm In this harsh reality
Dbm E Mass confusion spoon fed to the blind
A Gbm Serves now to define our cold society
Dbm From which we'll rise
E Over love
A Over hate
Gbm Dbm Through this iron sky that's fast becoming our mind
E A Over fear and into freedom
Gbm Gbm You've just got to hold on
A E A E You've just got to hold on
