tom:

Intro: Bm A Gbm G  
Bm A Gbm G

[Primeira Parte]

Bm A  
In between a rock and a hard place  
G D  
Trying to find your way through the dark days  
Bm A  
But you don't know how  
G D  
You flipped the world upside down  
Bm A  
And right now you don't wanna show it  
G D  
Cause you don't think that anyone will notice  
Bm A  
Until you tell someone  
G D  
You'll feel like you're the only one

[Pré-Refrão]

Bm  
And everybody says they're fine  
D  
But I know we're not alright  
Bm  
Everybody says they're fine  
A  
But I know we're not alright

[Refrão]

Bm A Gbm  
I know we're not alright  
G Bm A Gbm  
It's always darkest just before the light  
G Bm A Gbm  
I know your silence is a deadly sound  
G Bm A Gbm  
It's never easy when you're breaking down  
Bm A D  
But I'll be there when you come around  
Bm A D G  
When you come around

[Segunda Parte]

Bm A  
Face down in the days that we wasted  
G D  
Trying to find our way through the mazes

Bm A  
We could wait this out  
G D  
Or walk through that fire somehow  
Bm A  
You trying to put together all the pieces  
G D  
When you should turn around now and leave 'em  
Bm A  
'Cause you could lose your mind  
G D  
Trying to live back in time
