

# Paper Hearts - Come Back Around

tom: Am

A year ago, we met  
Heated up, had sex  
Got to know, perfect match  
We fell in love, then you left

We broke up, had sex  
One night stand with my ex  
Was so crushed, when you left  
Coming back? Not yet

Doing fine, without you  
Happy with myself and life too  
But the truth is, I miss you  
Wanne come back around, wouldn't mind to

I'm fine on my own (own, own, own, own)  
I'm just missing you now (now, now, now, now)  
Why don't you come back home (home, home, home, home)  
So come back around (come back around, come back around, round round)  
I'm fine on my own (own, own, own, own)  
I'm just missing you now (now, now, now, now)  
Why don't you come back home (home, home, home, home)  
So come back around (come back around, come back around, round round)

Talked a lot, had a good vibe  
You a free spirit, we had a good time

There for me, energy was right  
No hands of, we be all night

Real to me, no lies  
I was loyal to you, no other guys  
Spoke the truth, when you choose  
If true love, then it was close

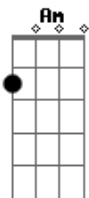

Want you, don't need at all  
We had a good run, I had a hard fall  
Presence, I miss your soul  
Wanne come back around, we had it all

I'm fine on my own (own, own, own, own)  
I'm just missing you now (now, now, now, now)  
Why don't you come back home (home, home, home, home)  
So come back around (come back around, come back around, round round)

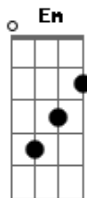

[Solo]

I'm fine on my own (own, own, own, own)  
I'm just missing you now (now, now, now, now)  
Why don't you come back home (home, home, home, home)  
So come back around (come back around, come back around, round round)  
I'm fine on my own (own, own, own, own)  
I'm just missing you now (now, now, now, now)  
Why don't you come back home (home, home, home, home)  
So come back around  
So come back around
