Verso 1:
                                                              Refrão:
                                                              'Cause you remind me of a time
 And we get home
                                                                GCG
 I know we won't be home at all
                                                              When we were so alive
                                                              (Everything has changed)
This place we live
 C G Am

It is not where we belong
                                                              Do you remember that?
                                                                       G Em

                                                              (Everything has changed)
I miss who we were
                                                              'Cause you help me push aside

Going back to get away
                                                              All that I have left behind
                                                                   (Everything has changed)

                                                               Taking up our time
(Everything has changed)
                                                               Taking up our time
'Cause you help me push aside

G C G F
All that I have left behind
                                                                Taking up our time we can't
       (Everything has changed)
                                                              Go back we can't, go back at all
Do you remember that?
ob you remember that?

Do you remember that?
                                                              Taking up our time we can't
                                                              Go back we can't, go back at all
( F Am )
Verso 2:
                                                              Taking up our time we can't
                                                              Go back we can't, go back at all
So we stand here now
                                                                             Am
                                                              Taking up our time, taking up our time.
       C G
 And no one knows us at all
                                                              Final:
I won't get used to this
C G Am

I won't get used to being gone
                                                               'Cause you remind me of a time
                                                                      \mathsf{G} \ \mathsf{C} \ \mathsf{G}
And going back won't feel the same
                                                              When we were so alive
         Am
If we aren't staying
                                                              Do you remember that?
                                                              Am G Em
                                                               Do you remember that
Going back to get away
