 Tell me that I?m alright
 That I ain?t gonna die

 Is a hole in the ground

 You can tell me when it?s alright
                                                                We'll kick it when I hit the ground
 For me to come out
                                                                Tell my friends I?m coming down
