Tom: F

 (forma dos acordes no tom de D)
Capostraste na 3ª casa

```
          G
 I don't even know myself at all
                   D
I thought I would be happy, but now
Bm                      A
 The more I try to push it, I realize
                 D
Gotta let go of control

        G
Gotta let it happen
        D
Gotta let it happen
             Bm       A
Gotta let it happen
        D
Just let it happen

          G
It's just a spark
         Bm                 A
But it's enough, to keep me going
            G             D
And when it's dark out, no one's around
              A
It keeps glowing

( G  D  Bm  A  D )
G
 Every night I try my best to dream
                   D
Tomorrow makes it better
G
 And wake up to the cold reality
                    D
And not a thing has changed

            G
But it will happen
          D
Gotta let it happen
              G
Gotta let it happen
            D
Gotta let it happen

          G
It's just a spark
         Bm                 A
But it's enough, to keep me going
            G             D
And when it's dark out, no one's around
              A
It keeps glowing

          G
It's just a spark
         Bm                 A
But it's enough, to keep me going
```
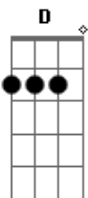

```
            G                 D
And when it's dark out, no one's around
              A
It keeps glowing

           D
But the salt in my wounds
                            G
Isn't burning anymore than it used to
                Bm
It's not that I don't feel the pain
         A                    D
It's just I'm not afraid of hurting anymore

             D
And the blood in these veins
                            G
Isn't pumping any less than it ever has
                  Bm
And that's the hope I have
         A                      D
The only thing I know is keeping me alive

(D )                    G
Alive... Gotta let it happen
          D
Gotta let it happen
          Bm
Gotta let it happen
          D
Gotta let it happen
          G
Gotta let it happen
          D
Gotta let it happen
          Bm
Gotta let it happen
          D
Gotta let it happen

          G
It's just a spark
         Bm                 A
But it's enough, to keep me going
(so if I let go of control now, I can be sure)
            G             D
And when it's dark out, no one's around
              A
It keeps glowing

          G
It's just a spark
         Bm                 A
But it's enough, to keep me going
(so if I keep my eyes closed, we get by it)
            G             D
And when it's dark out, no one's around
              A
It keeps glowing

G Bm A  G D A
Ahhh... Ahhh...

(soft)
G Bm A  G D A -once
Oooo..  Mmmm....
