

Parcels - Summerinlove

```
Yeah
                tom:
                                                                  [Dedilhado]
                Bm
                Rm
Is this enough?
                                                                 Try to make-believe when I'm with you
        G Gadd9
Am I in love?
                                                                 Try to see the flower when it blooms
If this is enough for you too
                                                                 Try to find a feeling I can use
We might not be through
         D Gbm A
                                                                  Try to let the season take me through
I better ask you
                                                                  Try to find the reasoning and truth
         Bm
Is this enough?
                                                                 I find it hard to breathe when I'm with you
       G
             Gadd9
Am I in love?
                                                                 How can I believe that it's enough?
           Em
If this is enough for you too
                                                                 How can I believe that it's enough?
We might not be through
                                                                  Find it hard to see the clearest stuff
         D A
I better ask you now
                                                                 Try to find a feeling I can touch
        Bm ( Bm Bm Bm )
                                                                 Try to find a feeling I can smell
Am I in love?
[Interlúdio] G Gadd9 Em Em D A
                                                                 Find it hard to breathe when I'm in love
                                                                  Summer in love (summer in love)
Was so light, I believe her
                           Gadd9
Summer in love, can't you see her?
                                                                  I believe (I believe)
             Em
Wanted her so bad, didn't leave her
                                                                  Sky up above (sky up above)
          Bm
                   Gbm
                                                                         Gadd9
Now I can't go back there just to see her
                                                                  I will breathe (I will breathe)
                                                                 Next to an open door, I will leave (next to an open door)
I could ride, I could leave this place
                                                                  Through to an open floor with a breeze (through to an open
I could lie, I could reason
                  Em
For something, I never had, thought I'd need it
                                                                  Is this enough? (Is this enough?)
For something, we all share, all of us feel it
                                                                        G Gadd9
                                                                  Am I in love?
         Rm
Is this enough?
                                                                  If this is enough for you too
G Gadd9
Am I in love?
                                                                 We might not be through
                                                                          D
If this is enough for you too
                                                                  I better ask you
