

# PartyNextDoor - Come And See Me

Tom: **G**

[Verse 1]

Doesn't make sense now **G**  
 Shit just got real, things are getting intense now **F7M**  
 I hear you talkin' 'bout we a lot, oh, you speak French now? **G**  
 Giving me the signs so I gotta take a hint now **F7M**  
 I hit you up like "Do you wanna hang right now?" **G**  
 On the East Side and you know I'm with the gang right now **F7M**  
 You say do I own a watch, do I know what time it is right now **G**  
 It's after 2AM and that's asking a lot of you right now **F7M**

[Chorus]

All she talkin' bout is come and see me for once **G**  
 Come and see me for once **F7M**  
 You don't ever come to me, you don't ever come to me **G**  
 All she ever say is come and see me for once **G**  
 Come and see me for once **F7M**  
 You don't ever come to me, you don't ever come to me **F7M**

**G**

[Verse 2]

I been up for two whole days thinking what I did to keep you going **F7M**  
 Thumbing through the voicemails that you left me telling me where I went wrong **G**  
 I'll admit I'm sorry when I feel I'm truly sorry **F7M**  
 Things change, people change, feelings change too **G**  
 Never thought the circumstances woulda changed you **F7M**  
 You said you never traded no, yeah you said that **G**  
 And I believed you when they told me don't, yeah thought you meant that **F7M**  
 But either way you're still invited and I can't even lie to you **G**  
 [Chorus]  
 Swear these days all you say is come and see me for once **G**  
 Come and see me for once **F7M**  
 You don't ever come to me, you don't ever come to me **G**  
 All she hit me with is come and see me for once **F7M**  
 Come and see me for once **G**  
 You don't ever come to me, you don't ever come to me **F7M**
