

Passenger - Keep On Waling

Tom: C

C
Last night I couldn't sleep

F
I got up and started walking

C
Down to the end of my street

G
And on into town

C
Where I had no one to meet

F Fm
And I had no taste for talking

C
Seems I'm talking my whole life

G C
It's time I listen now

C
Well, I walked past the late night boys

F
With their bottles and their doorways

C
And I walked past the business men

G
Sleeping like babies in their cars

C
And I thought to myself "Oh son,

F Fm
You may be lost in more ways than one

C
But I've the feeling that it's more fun

G C
Than knowing exactly where you are."

C F
And like a stone

C
Carried on the river

F
And like a boat

G
Sailing on the sea

C
I keep on walking

F Fm
Oh, I keep on walking

C F
Till I find that old love or that old love

G C
Comes to find me

C
I walked into the morning

F
And felt the warm sunlight forming on my shoulders

C
Cause it hit me with no warning

Like a summer sky a storming

G
In my lumbs

C
And it's funny how the kids walk by

F Fm
They do anything to make themselves look older

C
While the women spend their money on

G C
Anything that makes them look young

C F
And like a stone

C
Carried on the river

F
And like a boat

G
Sailing on the sea

C
I keep on walking

F Fm
Oh, I keep on walking

C F
Till I find that old love or that old love

G C
Comes to find me

C F
Oh Oh Oh

C
Oh Oh Oh

F
Oh Oh Oh

G
Oh Oh Oh

C F
And like a stone

C
Carried on the river

F
Like a boat

G
Sailing on the sea

C
I keep on walking

F Fm
Well I said I keep on walking

C F
Till I find that old love or that old love

G C
Comes to find me

C F
Till I find that old love or that old love

G F C
Comes to find me
