

# Pat Green - Temporary Angel

Tom: **G**

(com acordes na forma de **D** )  
Capotraste na 5ª casa  
Capo 5

**D** **A**  
Well I believe in hope and marriage, forever and I do  
**G**  
But love suffers pain when you try to hard  
**G**  
And tonight we're living proof  
**D** **A**  
If we fell in love already, we can fall in love again  
**G**  
There is no doubt we can work it out  
**G**  
Find a way to fall back in  
**A** **Em** **G** **G**  
Do you remember when I met you, what I whispered in your ear

**D** **G**  
Be my temporary angel, I'll be your love for just one day  
**Em** **G**  
Hold me for the moment, let the moment fade away  
**D** **A**  
When you wake up in the morning your heart tells you to stay  
**Em** **G** **G** **A** **D**  
Be my temporary angel forever, when forever comes our way

-----  
We can start this thing all over  
Let tomorrow wait it's turn  
Forget about the past it will never last  
Strike a match and watch it burn  
Do you remember when I met you  
What I whispered in your ear

Chorus

**Em** **A** **G**  
Close the door, and turn the lights down  
**Em** **A** **G** **D**  
Let it all come, come down to right now

Chorus 2x

On the last lines of the verses and chorus I changed **Em** to **Em** because it makes it easier to walk-up to G.
