

Patrick Watson - Here Comes The River

tom:

Bm

Bm
The windows turned to fishbowls
E
The city to seas
A **D** **D**
The cars were drowning underneath your feet
Bm **E**
The children were swimming from the top of the trees
A **D** **D**
Crowds of umbrellas were staring in mis-belief
Bm
Well Mary kept sewing
E
Holding on to her TV
A **D** **D**
Even if the water was rising past her knees
Bm
Now here comes the river
E
Coming on strong
A **D** **D**
And you can't keep your head above these troubled waters
Bm
Here comes the river
E
Over the flames
A **D** **D**
Sometimes you got to burn to keep the storm away
Bm
Sometimes

E
Sometimes you got to just
(**Bm** **E** **A** **D** **D**)

Bm **E**
Nobody told you it was going to be this hard
A **D** **D**
Something's been building behind your eyes
Bm
You lost what you hold onto
E
You're losing control
A **D** **D**
There ain't any words in this world that's gonna cure this pain
Bm **E** **A**
Sometimes it's going to fall down on your shoulders
D **D**
But you're going to stand through it all
Bm **E**
Here comes the river coming on strong
A **D** **D**
And you can't keep your head above these troubled waters
Bm **E**
Here comes the river over the flames
A **D** **D**
Sometimes you got to burn to keep the storm away
Bm
Sometimes
E
Sometimes you're cast adrift
(**Bm** **E** **A** **D** **D**)
