

Paul Fox Cowboy - Cowboy's Life

tom:
Intro: **B** **E** **B** **A**

I got an old truck, reliable and true
Takes me through the country, where the sun rises and sets, too
I got a horse, strong and fast
Helps me work the range, and live this cowboy life at last

[Refrão]
I'm a cowboy, livin' in the country
With my lovely Texan, and our young'uns by my side
We live a simple life, honest and real
With cattle and horses, that's the way we feel

[Segunda Parte]
My Texan's a beauty, with a smilin' face
She's the queen of the ranch, and my best partner in this place
Our young'uns are the light, of our life

They're the reason, why we work and strive

[Refrão]

I'm a cowboy, livin' in the country
With my lovely Texan, and our young'uns by my side
We live a simple life, honest and real
With cattle and horses, that's the way we feel

[Ponte]

We work hard every day
But country life's the life for us, y'all
We don't need no luxuries
Our happiness comes from love and the land, that's a fact

[Refrão]

I'm a cowboy, livin' in the country
With my lovely Texan, and our young'uns by my side
We live a simple life, honest and real
With cattle and horses, that's the way we feel
