

Paul McCartney - Country Dreamer

Tom: C

I'd like to walk in a field with you,
take my hat and my boots off too.

I'd like to lie in a field with you.

Would you like to do it too, Mae?

Would you like to do it too?

I'd like to stand in a stream with you,
roll my trousers and then not feel blue.

I want to wash in a stream with you.
Would you like to do it too?

You and I country dreamer

where there's nothing else to do.

Me oh my country dreamer,

make the country dream come true.

I'd like to climb up a hill with you,
stand on top and then marve the view.

I'd like to roll down a hill with you.

Would you like to do it too, Mae?

Now would you like to do it too?

You and I country dreamer?

I'd like to climb up a hill with you,
take my hat and my boots off too

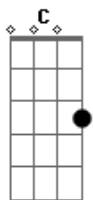

I'd like to lie in a field with you.

Would you like to do it too, Mae?

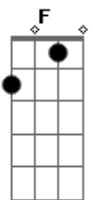

Would you like to do it too, Mae?

Would you like to do it too?
