Tom: G

```
          G                       D
Hey Jude dont make it bad
        D7                    G
take a sad song and make it better
     C                       G
Remember to let her into your heart
              D                   G
and then you can start to make it better

          G             D
Hey Jude dont be afraid
       D7                        G
you were made to go out and get her
        C                          G
The minute you let her under your skin
          D                    G
then you begin to make it better

                          C              Am
And anytime you feel the pain hey jude refrain
             D                   G
dont carry the world upon your shoulders
                                C          Am
For well you know that its a fool who plays it cool
