                           Em Eb Gbdim B7#5
                            Em D C B7
                                                                                                                                                                                                                                        She said: "It grieves me so to see you in such pain % \left( 1\right) =\left( 1\right) \left( 1\right) \left
                           Em Am Em
                                                                                                                                                                                                                                                                                                                                             Eb Gbdim
                                                                                                                                                                                                                                                                                      Em
                                                                                                                                                                                                                                        I wish there was something I could do to make you smile
[Primeira Parte]
                                                                                                                                                                                                                                         I said: "I appreciate that
                                                                                                                                                                                                                                                                                                                                                    and would you please explain
          "The problem is all inside your head", she said to me Eb Gbdim B7#5
                                                                                                                                                                                                                                                                                                                                Am
                                                                                                                                                                                                                                                                                            Em
                                                                                                                                                                                                                                        About the - fifty ways."
         The answer is easy if you take it logically
                                                D
          I'd like to help you in your struggle to be free
                                                                                                                                                                                                                                        She said: "Why don't we both just sleep on it tonight
                                                                           Am
          There must be - fifty ways to leave your lover."
                                                                                                                                                                                                                                        And I believe that in the morning you'll begin to see the
         She said: "It's really not my habit to intrude

Em Eb Gbdim
                                                                                                                                                                                                                                         Then she kissed me and I realised, she probably was right
          Furthermore I hope my meaning won't be lost or misconstrued
                                                                                                                                                                                                                                        Em Am Em There must be fifty ways to leave your lover
                                                                               elf at the risk of being crude
          But I'll repeat myself
                                                                                                                                                                                                                                            Fifty ways to leave your lover
          There must be - fifty ways to leave your lover
                                                                                                                                                                                                                              [Refrão]
          Fifty ways to leave your lover."
