```
Tom: C
(intro 4x) Am Em F
                                         Am Em
Don't!
          Don't you wish we'd tried?
                                     Am Em
Do you feel what I feel inside?
                                                Am Em F
You know our love is stronger than pride
Am Em F
                                          Am Em
           Don't let your anger grow
No!
                                                   Am Em
Just tell me what you need me to know
                                                   Am Em
Please talk to me, don't close the door
Cause' I wanna hear you,
Wanna be near you
Don't fight! Don't argue!
```

```
Give me the chance to say that I'm sorry
C Em
Just let me love you
Don't turn me away, don't tell me to go
Am Em F
Don't!
          Don't give up on trust
                                Am Em
Don't give up on me, oh no
                                             Am Em
If we could just hold on long enough
We can do it!
We'll get through it!
          Fm
Don't pretend that it's okay
Things won't get better that way
Don't do something you might regret someday
