

Paulo César Pinheiro - Voltei

Tom: C

Voltei
 A lembrança pedia pra eu voltar
 A saudade mandava me chamar
 E quando bate a saudade eu retorno de onde estiver

Voltei
 Hoje é dia de eu me desabafar
 Hoje a noite foi feita pra cantar
 Pois é, vamos rememorar a beleza de um samba qualquer

É, quanto tempo já passou, Quanta vida já morreu
 Quanta mágoa já rolou, rolou, mulher

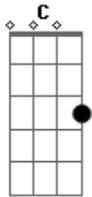

É, quanto vento já soprou, quanto orvalho já desceu,
 Mas voltei pros braços teus, se Deus quiser,

Voltei,
 Hoje a lua não vai me abandonar
 Hoje a rua vai ter que se enfeitar

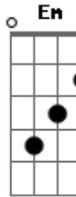

Quero ouvir meu portão bater, quero ver minha casa encher,
 Como a tempos já não se faz
 Quero um copo, que eu vou beber, e quando o dia amanhecer,
 Eu quero adormecer em paz

Voltei
