

Pe. Delton Filho - Ó Criador do Universo

Tom: A

Ó Criador do universo,
a sombra e a luz alternais,
e, dando tempos ao tempo,
dos seres todos cuidais.

Qual pregoeiro do dia,
canta nas noites o galo.
Separa a noite e a noite,
brilhando a luz no intervalo.

Também por ele acordada,
a estrela d'alva, brilhante,
expulsa o erro e a treva
com sua luz radiante.

Seu canto os mares acalma,
A D A D

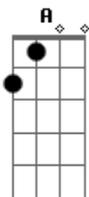

ao navegante avigora;
a própria Pedra da Igreja
ouvindo o cântico chora.

Jesus, olhai os que tombam.
O vosso olhar nos redime:
se nos olhais, nos erguemos,
e prantos lavam o crime.

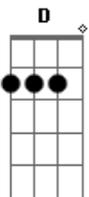

Ó luz divina, brilhai,
tirai do sono o torpor.
O nosso alento primeiro
entoe o vosso louvor.

Ó Cristo, Rei piedoso,
a vós e ao Pai, Sumo Bem,
glória e poder, na unidade
do Espírito Santo. Amém.
